

14 December 1979

Dear Dr. Lederberg,

Thank you very kindly for the warm hospitality during my most interesting, albeit short, visit to the Rockefeller University. In particular, I extend my thanks to you for participating in the Conversations and sharing your views with me. I especially enjoyed learning about the University, and the many significant scientific programs in which you are involved.

Thank you again for a fine visit.

With warm personal regards.

Sincerely,

R. H. BARROW
General, U. S. Marine Corps
Commandant of the Marine Corps

Dr. Joshua Lederberg, President
